**RICK HEAD LAUNCHES EXILE TURBO SYSTEMS A GARRETT  
PERFORMANCE TURBOCHARGER DISTRIBUTOR**

**Simi Valley, CA (February 21, 2007)**— Rick Head, former President of Innovative Turbo Systems, has independently formed Exile Turbo Systems a full-service retail distributor of performance turbochargers and aftermarket performance parts. Teaming up with Garrett, a division of Honeywell Turbo Technology was the first step in establishing a strong strategic alliance.

“Becoming a retail distributor for Garrett gives Exile Turbo Systems the ability to bring state of the art performance and custom turbocharger technology directly to the performance and racing community” said Rick Head President of Exile Turbo Systems. “With companies such as Garrett, Wilson Manifolds, SPA Turbo, Tial Products and Zukiut Enterprises on board, Exile Turbo Systems will carry on a long history of helping our customers get to the winners’ circle”.

Exile Turbo Systems carries a complete line of products to serve their customers performance needs such as:

- Garrett Performance Turbochargers
- Turbo Kits
- Wastegates and bypass valves
- Intercoolers
- MSBC-1 ET01 Boost Controller
- Intake Manifolds and Throttle Bodies
- Fuel system components

**About Exile Turbo Systems**
